No samples were harmed in the making of this recording.

Thank you to everyone who helped make this album a reality.

Eternal gratitude goes out to all the artists who have inspired me over the years. Though they are far too many to name, of particular interest for this album are, among many others: Tricky, DJ Shadow, Paradox, Source Direct, Midnight Choir and Sophie Hunger.

In not particularly loving memory of 2020 and 2021.

Sidetrack Walker endorses the autism awareness movement.
